

# WHAT ABOUT ME?

*From Album Into The Light . By Chris de Burgh . Written by Chris de Burgh*

I am left in the night, trembling with fear,  
I have seen to the future, and the future is here,  
Our leader will bring victory, but our land is in flames,  
And as the final sounds of battle disappear, I had to say,

What about me, and you, and the ones that we love,  
What about me, and you, and the ones that we love,  
Well what about us?
