

LIVE FOR THE DAY

From Album Now And Then . By Chris de Burgh . Written by Chris de Burgh

Live for the day,
Share every precious moment,
And I'll be there (I'll be there)

I can't wait until tomorrow,
There's so much that I have to see,
Find the road that we must follow destiny;

Take my hand and lead me onward,
Show me a world that is in my dreams,
Be the light that's always shinin' over me,
'Cause I believe,

That we must live for the day,
Share every precious moment,
This is the way we'll be forever,
We must live for the day,
Treasure these special memories and I'll be there (I'll be there)

For one by one the leaves are fallin'
One by one though the years go by,
No one knows when winter's callin' for you and I
To say goodbye

And so we must live for the day,
Share every precious moment,
This is the way we'll be forever,
We must live for the day,
Treasure these special memories and I'll be there (I'll be there)
For you

LIVE FOR THE DAY

From Album Now And Then . By Chris de Burgh . Written by Chris de Burgh

I'll be there, someone to watch over you
I'll be there, you'll need my love
Take my hand, this is where I'll always be
Take my heart, I'll be here for you

Live,
Share,

We must live for the day,
Share every precious moment
And I'll be there, I'll be there
For you

Live for the day...
